HOTEL WOODSTOCK

THE WOODSTOCK stands alone as the best New York hotel of moderate price. You get comfort without extravagance.

SIZE. 365 rooms, 270 baths. Large enough to be complete in every detail, but not so big that the identity of the individual patron is lost.

LOCATION. Its location just east of Times Square is most convenient to all that interests the visitor to the great city. The Woodstock is midway between the two great railway stations. Five cents by surface car or subway, forty cents by taxicab.

ACCESSIBILITY. The subway (at Times Square), the Sixth Ave. Elevated and four surface lines are within one block, making every part of the city easily accessible.

SHOPPING. Fifth Avenue, Broadway and Forty-second Street, our three great shopping thoroughfares, are within two blocks.

AMUSEMENT. Thirty of the best theatres are within three minutes' walk. Times Square is the theatre and restaurant center of New York.

REST. On a side street, no car lines are nearer than a half a block. The noise and tumult does not reach the Woodstock. It is quiet and in the heart of things.

TO OUR PATRONS. If you have a friend coming to New York, you will please yourself, please your friend and please us by recommending the Woodstock.
